INDUSTRY:	Magnetic Equipment Manufacturing

WHO WE ARE

PERMAG PRODUCTS PVT. LTD. stands as a pioneer in the manufacturing of high-quality magnetic equipment, serving diverse industrial needs across India and beyond. With decades of expertise, we specialize in designing and producing robust, efficient, and reliable magnetic solutions that enhance productivity and safety in various sectors. Our commitment to innovation drives us to continuously develop cutting-edge products, from powerful magnetic separators for material handling to precision magnetic chucks for machining. We pride ourselves on our engineering excellence, stringent quality control, and a customer-centric approach that ensures tailored solutions for every unique requirement. Partner with PERMAG for magnetic solutions that truly make a difference.

OUR VISION & MISSION

"Our mission is to be the leading provider of innovative and reliable magnetic equipment, empowering industries with superior separation, lifting, and holding solutions that drive efficiency and safety. We are dedicated to continuous improvement, exceptional quality, and fostering lasting customer relationships."

WHY CHOOSE US

1

ENGINEERING EXCELLENCE

Decades of specialized experience in magnetic technology and product design, ensuring superior performance.

2

CUSTOMIZATION CAPABILITIES

Ability to design and manufacture bespoke magnetic solutions tailored to unique industrial challenges and specifications.

3

ROBUST QUALITY CONTROL

Adherence to stringent quality standards and rigorous testing, guaranteeing durability and reliability of all products.

4

COMPREHENSIVE PRODUCT RANGE

A wide array of magnetic equipment catering to diverse applications across various industries, from heavy lifting to precision separation.

Note: For custom solutions, bulk orders, or detailed product specifications, please contact our sales team directly. We offer competitive pricing and dedicated support.

OUR PRODUCTS & SERVICES

Featured Offerings - Section I

Industrial Magnetic Separators

Industrial Magnetic Separators

Upon Request

Essential for removing ferrous contaminants from various materials, ensuring product purity and protecting machinery. Designed for high efficiency and continuous operation in demanding industrial

- ? High-strength magnets
- ? Customizable configurations
- ? Easy cleaning mechanism

Heavy-Duty Lifting Magnets

Heavy-Duty Lifting Magnets

Starting from ?15,000

Safely and efficiently lift heavy ferrous loads such as plates, blocks, and rounds without slings or clamps. Ideal for workshops, factories, and warehouses, enhancing material handling safety and speed.

- ? Permanent magnetic power
- ? No electricity required

Precision Magnetic Chucks

Precision Magnetic Chucks

Starting from ?8,000

Provides superior gripping force for grinding, milling, and EDM operations, ensuring workpiece stability and precision. Available in both permanent and electromagnetic variants for diverse machining

- ? Uniform holding power
- ? Low profile design
- ? Quick workpiece setup

Industrial Demagnetizers

Industrial Demagnetizers

Starting from ?12,000

Effectively remove residual magnetism from machined parts, tools, and components, preventing contamination and improving performance. Essential for precision engineering and quality control

- ? High demagnetizing power
- ? Continuous duty cycle
- ? Various aperture sizes

OUR PRODUCTS & SERVICES

Specialty Offerings - Section II

Liquid Line Magnetic Filters

Liquid Line Magnetic Filters

Upon Request

Designed to extract fine ferrous particles from liquid and slurry lines, protecting pumps, nozzles, and other critical equipment. Ensures product purity in food, chemical, and pharmaceutical industries.

- ? High-grade magnetic rods
- ? Stainless steel housing
- ? Easy to clean

High-Performance Permanent Magnets

Varies by type & size

A wide range of Neodymium, Samarium Cobalt, Ferrite, and Alnico magnets for various applications, from industrial holding to sensor technology. Engineered for maximum magnetic strength and longevity.

- ? Diverse material options
- ? Custom shapes and sizes
- ? High coercivity

Industrial Magnetic Sweepers

Starting from ?7,500

Quickly and efficiently collect hazardous ferrous debris like nails, screws, and metal shavings from floors, driveways, and construction sites. Improves safety and cleanliness in industrial environments.

- ? Heavy-duty construction
- ? Adjustable sweeping height
- ? Quick release mechanism

100% QUALITY ASSURANCE GUARANTEE
