INDUSTRY:	Industrial Magnetic Equipment Manufacturing

WHO WE ARE

PERMAG PRODUCTS PVT. LTD. stands as a leading innovator and manufacturer in the field of magnetic equipment. With decades of expertise, we specialize in designing, developing, and delivering high-performance magnetic solutions for diverse industrial applications. Our commitment to precision engineering, robust quality control, and continuous research ensures that every product meets the highest standards of efficiency and durability. From material handling to separation and purification, Permag Products empowers industries with reliable magnetic technology, enhancing operational safety and productivity. We pride ourselves on our client-centric approach, offering tailored solutions that address specific industrial challenges and drive sustainable growth for our partners.

OUR VISION & MISSION

"Our mission is to be the trusted global leader in magnetic technology, providing innovative and high-quality magnetic equipment that optimizes industrial processes, ensures safety, and contributes to a more efficient and sustainable future."

WHY CHOOSE US

1

PRECISION ENGINEERING

Utilizing advanced design and manufacturing techniques to ensure superior product performance and reliability.

2

ROBUST QUALITY CONTROL

Adhering to stringent quality checks at every stage, guaranteeing products that meet international standards.

3

CUSTOMIZED SOLUTIONS

Expertise in developing bespoke magnetic equipment tailored to unique industrial requirements and challenges.

4

SUSTAINABLE INNOVATION

Committed to continuous R&D, focusing on energy-efficient and environmentally responsible magnetic technologies.

Note: For custom solutions, bulk orders, or detailed technical specifications, please contact our sales team directly. Special discounts available for large volume purchases.

OUR PRODUCTS & SERVICES

Featured Offerings - Section I

Industrial Magnetic Separator (Plate Type)

Industrial Magnetic Separator (Plate Type)

₹ 45,000 - ₹ 1,20,000

Designed for efficient removal of ferrous contaminants from free-flowing materials, ensuring product purity and machinery protection. Available in various strengths and configurations for diverse applications.

- ✓ High-strength permanent magnets
- ✓ Stainless steel construction
- ✓ Easy to clean and install

★ FEATURED ITEM

Heavy-Duty Overband Magnetic Separator

₹ 1,80,000 - ₹ 5,50,000

Ideal for continuous and automatic removal of tramp iron from deep burdens on conveyor belts in mining, recycling, and aggregate industries. Enhances operational safety and reduces equipment damage.

- ✓ Self-cleaning mechanism
- ✓ Powerful deep-reaching magnetic field
- ✓ Robust industrial design

★ FEATURED ITEM

Conveyor System Magnetic Pulley

₹ 60,000 - ₹ 2,50,000

Replaces standard head pulleys to provide continuous automatic separation of ferrous metals from non-ferrous materials. Essential for protecting crushers, grinders, and other processing equipment.

- ✓ 360-degree magnetic field
- ✓ Durable stainless steel shell
- ✓ Maintenance-free permanent magnets

★ FEATURED ITEM

PERMAG Permanent Lifting Magnet

₹ 15,000 - ₹ 90,000

Offers safe and efficient lifting and handling of steel plates, blocks, and cylinders without electricity. Enhances productivity in workshops, warehouses, and fabrication units.

- ✓ No electricity required
- ✓ High safety factor (3:1)
- ✓ Compact and lightweight design

★ SPECIALTY LINE

Magnetic Grate Separator (Hopper/Pipeline)

₹ 8,000 - ₹ 40,000

Designed for installation in hoppers, chutes, or pipelines to capture fine ferrous particles from powders, granules, and liquids. Ensures product purity in food, pharmaceutical, and chemical industries.

- ✓ High-intensity magnetic rods
- ✓ Food-grade stainless steel options
- ✓ Easy to clean and inspect

★ SPECIALTY LINE

Precision Electromagnetic Chuck

₹ 70,000 - ₹ 3,00,000

Provides strong and uniform clamping force for holding ferrous workpieces during grinding, milling, and EDM operations. Enhances machining precision and efficiency.

- ✓ Variable holding power control
- ✓ Low power consumption
- ✓ Demagnetization cycle included

★ SPECIALTY LINE

High-Intensity Magnetic Rods

₹ 1,500 - ₹ 5,000 per piece

Individual magnetic rods used for building custom magnetic grids or for insertion into existing equipment. Offers powerful magnetic fields for capturing even minute ferrous contaminants.

- ✓ Neodymium or Ferrite magnets
- ✓ Polished stainless steel casing
- ✓ Various diameters and lengths

100% QUALITY ASSURANCE GUARANTEE

Every product in this catalogue is backed by our full commitment to satisfaction, competitive pricing, and swift dispatch.
